THIS SOCIETY will receive proposals for Life Assurance, through the undersigned, as its Agent for this City, on terms highly favorable to applicants.
Prospectuses may be had on application, together with blank forms of proposal, and such other information as parties may desire.
The following are among the advantages offered by this Institution:—
The Guarantee of a large capital securely invested.
The peculiar Benefits secured by the principle of the Loan Department.
The payment of Premiums Half-Yearly or Quarterly, by parties assured for the whole term of Life.
Thirty Days are allowed after each payment of Premium becomes due, without forfeiture of Policy.
Part of the Capital is permanently and securely invested in the United States.
Wives may insure the lives of their husbands for their own and the benefit of their children.
The assent of the Society is not necessary to a transfer of the Policy.
For all practical purposes, this Agency is essentially an American Company, strengthened by a large bona fide Capital safely invested in London; equally available to Americans as to British policy holders. All losses are settled by the New York Board, and paid by Bills drawn on the London Office. Thus the Guarantee Fund in New York remains untouched, so that in case any disputes should arise between the society and policy holders, funds are on the spot, subject to the control of our Courts.
Medical Examiners fees are paid by the Society.

THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of any man. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2380 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. (Late Butterfield & Averell's.)
WOULD call the attention of the Public, (and his old Friends and Customers in particular,) to his large and extensive stock of
Wines, Liquors & Cigars,
Purchased by himself in the City of New York, within the last month, FOR CASH, at prices from 25 to 33 per cent less than formerly paid through partners, and I can assure my customers that the Liquors that I now offer, have not passed through second hands; on the contrary, I saw all my goods sealed for shipping, and turned out of the CUSTOM HOUSE; therefore, I can say with confidence, that my Liquors are PURE.
I have marked my Goods very low, and have therefore adopted the
ONE PRICE SYSTEM,
and no deviation from the price first asked; giving those who are not Judges of the article, an equal chance with those that are. Every cask will be marked with the price. My arrangements are now completed for the importation of my Fall Stock, when I shall be able to fill orders in New York on still more favorable terms than formerly.
Having been three years in business in this city, I flatter myself that my selections will meet the wants of this market. My assortment of CHOICE SEGARS are complete, and my stock of LIQUORS comprises over 100 original Casks of the most approved brands of
Brandy, Gin, Rum, Wines, &c.
The following may be found among my stock:—

IMPORTANT TO THE PUBLIC!
THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:
"PLANING MACHINES.
"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various machines (through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find an exact description of the machine now offered by several pretending inventors, described in the 16th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some sixteen years since, and another one put up by Albert Jacksonds, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty-eight years experimenting upon these machines, not one is of any value for the purpose contemplated.
I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.
JAMES G. WILSON,
Philadelphia."
May 19, 1849.
I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

PROPRIETORS.
UNDER THE NAME AND FIRM OF
RUFUS KING & CO.

OFFICIAL PAPER OF THE CITY.

The Lion's Share.

The South has again drawn most of the capital prizes in the Congressional Lottery. The telegraph informs us that the following named gentlemen have been selected, in democratic caucus, and the election ratified by the House of Representatives, to fill the several offices in that branch of Congress:

For Speaker, Lynn Boyd, of Kentucky; Clerk, Col. John W. Forney, of Pennsylvania; Sergeant at Arms, Adam I. Glossbrenner, of Pennsylvania; for the Post Master, Mr. Johnston, of Va.; for Door Keeper, Mr. C. Keene, of Del.

Pennsylvania has "bagged" two of the offices, Clerk and Sergeant-at-Arms, and the South and South-West have the remainder. New York, New England and the North-West seem to have been carefully excluded from any participation in this feast of fat things. This, no doubt, was to punish them for their supposed contumacy relative to the Fugitive Slave Law. Mr. Disney, of Ohio, who was warmly pressed for Speaker by the members from the West and North-West, was badly beaten, having incautiously expressed his doubts whether the Union was really in any danger of dissolution. Mr. Boyd, the successful candidate, was, on the other hand, firm in the faith that the danger was imminent, and that the compromise was the only reliable specific.

This conjunction of Pennsylvania and the South bodes no good to the political fortunes of Cass, Douglas, Dodge, &c. It points unmistakeably to the nomination of Mr. Buchanan, as the National Democratic Candidate for the next Presidency, with some Southern Secessionist as Vice President. Events may indeed occur to change the present aspect of affairs, for

"The best laid schemes of mice and men
Gang aft agley."

But the Buchanan men have won the first point in the game and with an ordinary run of luck will maintain their advantage to the end.

A Blow at Rivers and Harbors!

The election of Lynn Boyd, as Speaker of the House of Representatives, by the democratic majority in that body, is a fresh indication of their "exclusive" devotion to the interests of the North-West. In the last Congress this gentleman was one of the 87 Members in the House who voted *against* the River and Harbor Bill. What chance there is for appropriations in aid of these objects with a hostile Speaker and a Loco Foco majority in both branches of Congress, can be more easily imagined than described. Let the North-West mark and remember its friends and enemies!

Another Bid.—Mr. Dallas, as has been seen, offers to the South an amendment to the constitution, as an inducement for its support of its claims to the Presidency. Mr. Douglas proposes to give them more "sugar growing states." Mr. Walker proposes to make a clean sweep of northern industry of all kinds. Mr. Cass offers the ghost of the Nicholson letter, his unvaried opposition to river and harbor improvements in the West, besides other "circumstances" too numerous to mention. But it seems that another competitor is in the field, aged, and standing none the worse chance for having been around the course before. The following brief paragraph from a Washington paper gives a hint of what is coming:

Kinderhook Cabbages.—A vessel from Albany, New York, loaded with Kinderhook cabbages, arrived a day or two ago at Baltimore, and has been doing a brisk business.

Shrewd as a fox, always, was Matty!

From Lake Superior.—Capt. Caldwell, of the propeller *Manhattan*, who came down to Detroit on the *Northerner* on her last trip, states that the amount of freight which is stopped at the Sault, is from five to six thousand barrels bulk, consisting of beef, pork, hay, flour and liquors. The weather has been very severe, and it has snowed for five weeks without cessation. The vessels and propellors on Lake Superior were laid up, except the propellor Napoleon, which was intending to go once to Eagle River and return.

Capt. Caldwell reports that there will be no suffering from want of stores, but three or four hands will be thrown out of work during the winter. Fifty-two tons of copper, belonging to the Cliff mine, was left at the Sault.

The Northerner brought down 20 tons of barrel and mass copper, for the N. American and N. W. Company, for the smelting works in this city.

The Northerner will go over the Portage in the Spring, and run on Lake Superior.

The Independence threw off 86 bundles of hay, on her last trip up.

The "Late" Tow Boat Seneca.—Some of our readers will recollect a little snorting steamer, that whilom went up and down the Chicago river and South Branch, like a "perturbed spirit," with little fleets of canal boats and the like phlegmatic craft into the "raging canal."

Well, a while ago, it turned seraphic, and took wings of fire, and now it has departed, some eastern exchange thus chronicles its eventful life.—*Chicago Journal.*

"Eastern Exchange," eh! Our amazement is only equalled by that exhibited by Mr. Webster *clarum et venerabile nomine*—when Davy Wilmot stole his thunder.

☞ The *Commercial* thus corrects an error into which we fell when noticing its recent change of proprietors and editors:

Judge Baker leaves neither the press or the State. He has come to Wisconsin to live, and as the Democratic State Convention, in the exercise of its just powers, conferred upon him the honorable duty of representing this Congressional District at the Baltimore convention, he will do so.

Interesting Incident.—The Boston *Times* says Jenny Lind attended the Seamen's Bethel in that city last Sabbath, and listened to a discourse from good old father Taylor. On Monday the venerable preacher received a note from Jenny, containing words of sympathy for the cause of religion among seamen, and the comfortable sum of $100 in cash.

A Happy Thanksgiving Party.—The N. Y. *Commercial* says that 1,300 children on Randall's Island, were to have a thanksgiving feast of turkeys and pumpkin pies, on the 27th, given to them by the ten Governors of the establishment, and the charitable and noble hearted hosts of the Astor House.

The Message.—A communication in reply to the *Free Democrat's* misstatement, as to the comparative accuracy of the Telegraphic version of the Message received here and that taken at Chicago, is crowded out by a press of matter. It will appear in our next. Our own comments upon the Message must, perforce, submit to the like delay.

☞ Haynau, the Austrian Butcher, purchased a farm in Hungary with money presented to him by the Emperor of Austria, as a reward for butchering and torturing those of its luckless inhabitants who fell into his hands through the fortunes of war. Being utterly unable to procure a single crop, the cruel old wretch has been obliged to offer the estate for sale.

Professor Beck's Lecture.—Professor Beck will, by invitation, repeat his Lecture on Secret Societies, in the Odd Fellows' Hall, on Tuesday evening next. The correspondence on the subject is unavoidably deferred till to-morrow.

English and Classical School.—In our advertising columns will be found a notice of the commencement of the Winter Term of the excellent School kept by Messrs. Richardson and Dixon in the basement of the Free Congregational Church on Main Street.

☞ The earnings of the Cleveland, Columbus, and Cincinnati Railroad, from Cleveland to Columbus, for the current half year, will be sufficient to pay running expenses, interest on the debt, and repairs, and leave a net sum exceeding ten per cent on the capital stock of the Company.

The Sidewalks.

Messrs. Editors:—I wish to call the attention of our City Fathers, to the twenty-fifth section of the ordinance relating to streets and sidewalks, on page eighteen of city ordinances, which provides that the occupant of each house, shop, store, &c., shall among other things, on Saturday morning, in each week, when the weather permits, *clean the sidewalks* in front of his premises, and to ask them through you, and through them many of the merchants on Water, Spring, and Wisconsin streets, how many Saturday's have passed, since this section of the ordinance has been complied with voluntarily.

In passing along these streets, and I am sorry to say, some occupied by private residences, those going on foot, find the sidewalks almost, if not quite as muddy as the streets, which is discreditable to our authorities, and to those occupying the property when such is the case.

I trust this will be attended to at once by the authorities, but if not, I hope the ladies will take the matter in hand and refuse to buy of merchants, who do not keep clean sidewalks.

New Jerusalem.

A Course of Lectures on the distinctive doctrines of the New Church, (denominated the New Jerusalem in the Apocalypse,) as taught by Emanuel Swedenborg, will be delivered in the Universalist Church, corner of Michigan and Main streets, by the Rev. Thomas Storey, late of London, Eng. The first Lecture will be delivered this evening, commencing at 7½ o'clock, on the Life, Character, and Writings of Emanuel Swedenborg, to be followed by Lectures on The State of Man in the Future Life, The Plenary Inspiration of the Sacred Scriptures, The Creation, The Fall of Man, Redemption, The Trinity, The Second Coming, &c. &c.

The time and subject of each Lecture will be duly announced. They will probably occupy two or three evenings of each week, with two Discourses on the Sabbath, until completed.

Milwaukee, Dec. 5, 1851. D.

Annual Report of the Young Men's Association.

To the Young Men's Association of the City of Milwaukee:

The Board of Directors respectfully submit this, their Annual Report:

Since the last Annual Report no material change has taken place in the affairs of the Association.

The amount of funds on hand at the commencement of the year, as appears by the Annual Report of the Treasurer, was	$143,80
The amount received by him during the year, is	249,25
	$394,05
The amount disbursed for purchase of books, periodicals, printing, &c.	$360,07
Amount now on hand,	25,98
	386,05

This is exclusive of the money paid the librarian and for incidental expenses which amounts to $157,92.

About one hundred volumes have been added to the library during the past year—the present number being about 1320, only one or two of which are missing. The care and diligence of the Librarian are attested in this fact, and in the general order and neatness of the Library. The average number of books drawn out by members is estimated at sixty to eighty.

The Association numbers now nearly two hundred members—an increase of about forty since the last report, twelve members have left the city, resigned, or in other ways vacated their membership. About forty-five of the whole number are life members.

About two hundred and seventy dollars are due the Association from members, of which the Librarian estimates one hundred and fifty dollars collectable. The Board have given that officer full authority to arrange and secure these debts as should be for the best interests of the Association, and after the first of January next, a more vigorous system of collections will be enforced.—The Association suffers considerable pecuniary embarrassment from the unwillingness of members to pay the trifling quarterly dues.

About seventy-five dollars are due from the Association for rent and other items which should be provided for out of the first funds that may come in the Treasury.

A series of lectures were delivered last winter before the Association, which the Board believe were productive of much interest and satisfaction to the Association and to the Public. The large audiences, which attended them, evinced a literary sentiment in our citizens, upon which the Board of Directors may confidently rely in future undertakings of a similar character. The sale of tickets to these lectures produced a sum considerably exceeding the expenses attending them, and the surplus was paid into the Treasurer's hands, and added to the general fund.

The Board have not made definite provision for a course of lectures for the ensuing winter. The importance of having such a course has induced them to make efforts to that end, but the difficulty of procuring lecturers (other than those hitherto called upon) has not as yet been overcome. The expiration of the term of office of the present Board will make the duty devolve upon their successors.

A resolution has been adopted by the Board, calling weekly meetings of the Association for the purpose of debates and such other literary exercises as should be appointed. A room has been provided for the purpose in the basement of the Plymouth church, and the debates held on Monday evening of each week. The discussions are interesting, able, and well attended, and the plan, it is believed by the Board, will prove eminently successful. Many persons are interested in this feature of the Association, who would otherwise be indifferent to it, and it is thought that the accession of members to the Association for the sake of the privileges of the debates, will more than counterbalance the increased expenditure.

The Board has rented one of the rooms in the lower story of Young's new block on the corner of Main and Wisconsin streets. The room is one of those fronting on Main street, and will be ready for use in a few days. In connection with this arrangement, one has been also completed with the present Librarian, Mr. Thomas Hislop, by which the Reading-room and Library will hereafter be constantly open to the Members of the Association—*every day and every evening* in the week, instead of two evenings a week as heretofore. The total of Librarian's salary and room rent will be the same as paid the past year—two hundred and fifty dollars.

Members of the Association will appreciate the additional advantages and convenience created by this arrangement, and it is hoped that the Public will reward the Association by a liberal encouragement and support. The character and objects of the Association should commend it to the literary and public spirited men of our city; and it has been the earnest desire of the Board of Trustees, that in the standing it maintains and the advantages it presents, it should be fully worthy of the continually increasing support it has received.

By order of the Board of Directors,
WINFIELD SMITH, *Sec'y.*
Milwaukee, December 2, 1851.

New York Election.

The Albany Evening *Journal* of the 26th ult., has the following concerning the result of the election in New York:

> We have said nothing about the result of the election for a week past, because we had nothing to say. Mr. Fitzhugh, the Whig Canal Commissioner, is certainly elected, and Mr. Cook probably. That, however, depends upon the disposition which the State Canvassers may make of the discarded districts in Greene and New York. All the other State officers elected are Loco Focos. The official canvass from New York has not yet been returned. The State Canvass will probably be declared in ten or twelve days.

Hon. Townsend Gidley.—We are glad to learn from the Detroit *Advertiser* that this gentleman is confidently expected to recover from the effects of his recent accident.

The Kinkel Meeting.

The Meeting to welcome Professor Gottfried Kinkel, to Milwaukee, assembled at 7 o'clock, in the Market Hall.

His Honor Mayor Walker, was called to the Chair, and A. Kruer and E. A. Calkins, appointed Secretaries.

The objects of the meeting were stated by Dr. Francis Houbschmann, the same being to provide for the negotiation of a fund of $2,000,000, to be called the "German National Loan."

The following resolutions were then read in English and German:

1. *Resolved*, That the policy of the U. S. Government to remain neutral, when the oppressed of other countries are struggling to throw off the yoke of tyranny, while at the same time, monarchial governments are, by the most artful diplomacy, and even by force of arms, endeavoring to propagate and perpetuate their institutions throughout the world, is not approved by this meeting. But that we are decidedly in favor of the U. S. Government using all diplomatical and other means to disseminate the principles, on which our institutions are based, and to countenance the efforts made in other countries for the establishment of a government similar to our own.

2. *Resolved*, That this meeting declares it to be a call of duty and honor, for every friend of freedom, and more especially for all Germans who have emigrated into this country, to further, by every possible means, and to the best of their ability, the deliverance of Germany from the shameful and degrading tyranny of her princes, and from their whole horde of dependents and parasites.

3. *Resolved*, That the downfall of tyranny, cannot be brought about by mere sympathy or useless discussions, but practically, only, by providing means for the revolutionary struggle.

4. *Resolved*, That the meeting acknowledges the "German National Loan," devised for the above purpose, and resolves to take active part in the same.

5. *Resolved*, That lists shall be forthwith drawn up, for signatures of shares of the Loan, such as are paid immediately, to be placed in one column, and such as are to be paid in weekly instalments, in another.

6. *Resolved*, That a committee of thirteen be appointed for the collection of subscriptions, and for the delivery of receipts to the financial Board of London, such committee being bound, each time, when the sum of $100 is collected, to forward it to the said Financial Board of London.—It is the further duty of this Committee to promote the National Loan cause in the neighborhood, and, if necessary, to appoint other committees for that purpose.

After the reading of the Resolutions, the Chairman introduced Professor Kinkel to the meeting, who addressed it in English and German detailing his plans, and the means by which they were to be accomplished.

He was followed by Messrs. Ryan, Kruer, and Booth, when the question being taken, on the resolutions, they were unanimously adopted.

Lucas Seaver offered the following:

Resolved, That a certified copy of the proceedings of this meeting by published in all the city papers, and also that a copy be sent to each of our representatives, and the Senators in Congress, which was adopted.

On motion, the following committee was appointed by the Chair, to carry out the objects of the 6th Resolution.

First Ward—Jacob Derye, Jacob Best, Dr. Oswald.

Second Ward—Isaac Newstadt, William Reinhardt.

Third Ward—Henry Niedecken, J. H. Cordes, Jacob Schweikardt.

Fourth Ward—Wm. Wedemeyer, H. L. Palmer.

Fifth Ward—Dr. Weitzel,—— Lahner.

THE THEATRE.

Mr. J. B. Rice, proprietor of the Milwaukee Theatre, arrived here from Chicago on Wednesday evening, with the company which has been playing in the latter city during the last eight or ten months to very general acceptation. They will open for the winter season in this city *to-morrow* evening, offering for the occasion a bill of rare attraction, including all the strength and talent of the company. Many of the members of this company are old and established favorites in Milwaukee and will be gladly welcomed back to our city, while the new Members, both male and female, will, we doubt not, speedily commend themselves to public favor. The orchestra is an excellent one and will be under the direction of Mr Le Brun. Mr. Hann, a deserving actor and very decided favorite here, is the stage Manager. Mrs Pope, a clever and graceful actress, sustains the leading female parts. She will make her first appearance in Milwaukee to-morrow evening. The Theatre itself has been entirely renovated, put in complete order, and additional lights provided. We doubt not that Mr. Rice's efforts to cater to the public amusement will be duly appreciated and, we hope, amply rewarded by our citizens. The last night of the season at Chicago is thus noticed in the *Journal* of Monday last:

> Mr. Rice's Benefit, on Saturday evening, was a decided demonstration to him as Manager of the Chicago Theatre, being altogether the finest house of the season. The announcement that Mrs. Rice would appear, attracted large numbers of her admirers, who had not visited the Theatre for a long time. The enthusiastic greeting she received, upon her appearance, certainly indicated the estimation in which she is held, and it is needless to add, that her personations were admirable as ever. The whole company indeed acquitted themselves creditably.
>
> The Theatre is now closed for a season, and Mr Rice proceeds to Milwaukee to-morrow, and opens his Theatre in that city for the winter.

"Pic-Nic Party."—The members of Oregon Co. No. 3, give a party at their new and handsome House on the Water Power, *this* evening. As it is under the direction of the ladies of the Second Ward, the especial friends of the Firemen, it is quite safe to say that the arrangements will be in the best taste and that nothing will be wanting to make the entertainment as attractive as we hope it will prove successful. The proceeds will help to fit up No. 3's house and equip her Company, and as the Oregon boys are as efficient, orderly and reliable a set of Firemen as can be found anywhere, we hope the public will give them a *bumper* at their "house-warming" to-night.

Young Men's Association.—A call for a special meeting of the Association, to be held tonight, will be found in our advertising columns. It grows out of the recent election for Officers, which was warmly contested, and in regard to the legality of which serious doubts are entertained. A full and punctual attendance of the Members of the Association is desirable.

Annual Concert for the Fire Department.—The Annual Concert for the benefit of the Fire Department is announced for Monday week, at Gardiner's Hall. The full programme will appear hereafter. The entertainment is intended to be of the first quality, and withal reasonably cheap. We trust that everybody will keep themselves disengaged for that evening, and make it a point to attend the Firemen's Benefit.

Accident.—We regret to learn that a young son of Mr. L. J. Higby's, between 7 and 8 years of age, fell from one of the lofts in his father's Warehouse, yesterday afternoon, and was taken up insensible. Altho' no bones were broken by the fall, it is feared that he may have received severe internal injuries.

Professor Kinkel.—This gentleman addressed a crowded audience of his countrymen and countrywomen, at the Musical Hall, Dickerman's Block, on Wednesday evening. The ladies, we understand, have taken up his cause in earnest and appointed a Committee of their own number to canvass for subscriptions to the "National German Loan."

☞ No boat from Chicago, yesterday, and no Eastern Mail, except a portion of that due the evening previous, but left, by mistake, at Racine and forwarded thence by special conveyance.

Alabama Senator.—The election of a United States Senator from Alabama, after a good deal of exciting discussion, has been postponed until the fourth Monday in January next.

☞ The Detroit *Advertiser* states that Hon Geo. C. Bates, U. S. District Attorney for Michigan, leaves for California in a few days.

Proceedings of the Common Council.

Reported for the Daily Sentinel.

Thursday, Dec. 4th, 1851.

The President, Ald. Johnson, in the Chair.

Clerk called the roll.

Present—Ald. Johnson, Daggett, Jung, Randall Cordes, Hackett, West, Plankington, Tesch, Dousman.

Absent—Ald. Comstock, Biebrich, McCormick, Sweet, Wunderly.

Clerk read the proceedings of the last three meetings.

PETITIONS, ACCOUNTS, &C.

Ald. Jung presented certain petitions for reduction of taxes, &c. Referred to Local Committee First Ward. Also, the proceedings of the railroad meeting at Military Hall. The latter was read.—Ald West offered a resolution stating that the resolution of confidence in the Railroad passed at that meeting, satisfied the Common Council that it had done its duty in the premises. Passed.

Ald. Daggett presented certain First Ward accounts. Referred.

Ald. Randall certain accounts against the Second Ward. Referred.

Also, a petition from the Hose Co. for re-payment of $19,31, being an order drawn from the Treasury without authority of the Company. Referred to Com. on Fire Department.

Ald. Hacket presented certain petitions from 3d Ward. Referred to local Committee.

Ald. West presented sundry petitions and accounts from 4th Ward. Also, a communication from the Fire Department thanking the Board for its liberality towards them.

Ald. Sweet presented sundry accounts &c. from the 5th Ward. Referred. Also an ordinance raising the grade of Elizabeth-st. The latter had its first and second reading.

Ald. West presented the schedule of sidewalk taxes in the 4th Ward.

Ald. Dousman presented a resolution to appropriate $30 to J. M. Warren, as clerk of the Street Commissioners. Carried. Also directing the Clerk to contract for wood for the Common Council. Ald. Randall moved to lay it on the table, with a view of including it in general contracting system.

REPORTS OF COMMITTEES.

On motion of Ald. Daggett, Mr. Armstrong was allowed to make a statement to the Board relative to certain persons harboring children, giving them liquor, &c. The Marshal, Mr. A. said had the complaint in his hands, but declined to attend to it, on the plea of private business.

The Marshal said that the District Attorney had neglected to draw up the complaint, but he had not done it.

After some further discussion, the Board proceeded to business.

Ald. Wunderly presented a petition from the owner of a house in the 5th Ward, for protection against anticipated injury to it, said house being a disorderly one, but the owner being unable to get the tenant out.

Police Committee reported to allow John Ryan $5,00 for watching goods at a fire.

Ald. Randall opposed the principle of the bill. He thought the drain produced by these small accounts ought to be stopped. The account was withdrawn.

Ald. Daggett, from the finance committee, reported to refund certain overpaid taxes, by issuing General City orders. Ald. Randall stated what he conceived to be the impropriety of asking the city to refund such taxes as have already been paid over to the State. Ald. West thought that the city should pay it, and settle with the State.

Ald. Daggett moved to refer the report to the Judiciary Committee. Ald. Randall moved to amend by referring to the Finance Committee—Carried.

Ald. Daggett stated that the 2d Ward School House had been insured in the Orleans Co.

Same reported that $2861 had been received by the Treasurer in orders, for redemption of lots sold for taxes, since the passage of the resolution to that effect.

REPORTS OF WARD COMMITTEES.

A large batch of accounts were reported on and passed.

Ald. Sweet stated that there was great distress among a portion of the poor in the 5th Ward. It was stated that James H. Rogers is Superintendent of the Poor, and applications for relief must be made to him.

A petition of sundry citizens of the 1st Ward, proposing to pay for re-constructing the [illegible] Bridge, at their own expense, with the aid of $800 from the 1st Ward. A resolution in favor was carried.

Also, a resolution declaring that the city *will not extend the time for collecting taxes* the present year. Carried. Ayes, Johnson, Daggett, Jung, Randall, Biebrich, Cordes, Hackett, Plankington, Tesch, Sweet, Wunderly, Dousman.

Ald. Randall offered a resolution directing an estimate of the amount of stationery and wood needed by the board, and that the clerk contract for furnishing the same. Carried.

The Clerk stated that the contract for copying the tax lists was let for $75.

Sundry bridge accounts coming up, a proposal to make certain of them payable out of the General City Fund, so as to make the 2d ward chargeable. Ald. Randall said that the 2d ward would be ready to meet all such attempts at all times. The 2d ward had always been ready to do its duty, when the other wards did theirs. He said that an injunction was now pending against the issuing of any orders such as those proposed

Ald. Daggett urged the unfairness of having the 2d ward use the bridges and pay no part of the expense of them.

The motion to make the bill chargeable upon the General City Fund was lost. Another to pay from the wards was carried, except in the 2d ward.

The Marshal stated that no cases against persons selling without license had been tried, the City Attorney neglecting to attend to them.

Adjourned for two weeks.

FROM WASHINGTON.

Organization of Congress.

Washington, Dec. 1.

The House of Representatives met at 12 o'clock 218 members were present. Jones of Tennessee, nominated Boyd, of Kentucky, as compromise candidate for Speaker, and as such, he should support him. Campbell, of Ohio nominated Thaddeus Stevens, of Pennsylvania, as a good whig. On this a spirited debate ensued, involving the soundness of the Whigs and Democrats on the Compromise question. The House then proceeded to ballot for Speaker.

Upwards of 20 candidates were voted for. Boyd of Ky. received 118 out of 212 votes cast, and was declared elected Speaker, was conducted to the Chair, and made a short speech. J.W. Forney received 129 votes for Clerk, and was declared elected.

The House then organized and members were sworn in.

The Senate was opened at 12 o'clock, by a prayer from the Rev. Mr. Butler. All the Senators present, except Bradbury, Hunter, Stockton, Mangum, Badger, Butler, Rhett, J. Davis, Soule, Downs, Jones of Tennessee, Douglass, Borland, Sebastian, Houston, and Rusk. Credentials of new members were then presented by various Senators, and the oath prescribed by the Constitution was administered.

Contested Seat from Florida.—The certificate of the Governor of Florida of the election of Stephen R. Mallory as Senator from 4th March, was presented by Mr. Westcott. He also presented a copy of the journal of the Legislature of Florida, with a record of certain proceedings, which were considered by Hon. D. L. Yulee, as evidence of his having elected. The two papers having been read, the Chair said it was a question for the Senate to decide upon, whether the papers presented entitled him to a seat.

Mr. Bright moved a reference of papers to a select committee on which considerable debate ensued, in which Clay, Foote, and others took part. Finally Mr. Bright withdrew his motion, and Mallory was admitted to take his seat. Subsequently the papers were referred to a committee to be selected to-morrow.

N.Y., Nov. 29, 7 P. M.

In the New Haven Supreme Court Erastus Burr and his wife, and Harriet Law, successively brought actions against the Nantucket R. R. Co. for injuries received by the upsetting of a car in Oct. 1849. Burr and wife got $1.000, Miss Law $3,500!

ARRIVAL OF THE CHEROKEE & PROMETHEUS.

Later from California.

New York, Dec. 1.

The steamship Prometheus from San Juan, nine days from San Juan via Havanna, arrived this noon, bringing $120,000 on freight and $500,000 in the hands of passengers.

She brings 510 passengers and dates from Havana to the 26th.

Mr. Thrasher, at Havana, who had been sentenced to the Moro for 8 years, expected to receive his liberation on the 24th. His brother had been released.

The Prometheus brings the Pacific's passengers from San Juan the 1st. November.

Arrival of the Cherokee.

New York Nov. 29.

The steamer Cherokee arrived this evening with California mails and $900,000 in freight, and $533,000 in the hands of passengers. Capt. Waterman, of the clipper ship Challenge, missed the California passengers. The Herald throws doubts upon them and the only paper we find making any reference to deaths among the crew is the Courier; that paper denounces Capt. Waterman in the strongest terms, demands to know the fate of nine of his men, four of whom it is said were shaken from the mizzen topsail yard into the sea and drowned, and five died from wounds and ill-treatment. And it says that if the acts are true, the Captain is one of the most infamous monsters, fit to be buried alive, and that it is an infamous outrage to have such a bloody murder committed aboard a ship. Capt. Waterman went ashore before the vessel got up, and has remained concealed ever since. The rumors of the cruelties had reached the city before the vessel got to her wharf, and a great crowd had assembled and boarded her as soon as she touched. The Herald and Alta California without even alluding to the reported deaths, say that they had been assured that punishment had been inflicted more severe than was necessary to maintain discipline. Many of the sailors were in bad condition and had employed counsel, and lodged complaint before the proper judicial authorities.

San Francisco Markets.—Markets have been very inactive, caused by extreme hot weather, and many arrivals. There had been no speculative demand and business had been at small profits. The markets were overstocked. Agricultural implements are plentiful, few kinds in demand. Boots and shoes in steady demand.

Breadstuffs.—Flour is buoyant, and looks confidently to an advance. Oats and corn in good demand. Clothing better, the stock is heavy.—Lumber, moderate sales. Hams in good demand. The Alta California says that the market is close. The weather had been excessively hot. Oct. 19th was the hottest ever known at San Francisco.—Preliminary arrangements are to be made to build several lines of Telegraph. The clipper ship Mermaid with the Wave and Gamecock, have sailed on a trial of speed from San Francisco to China. The Mermaid arrived on the 20th Oct., from Boston, discharged a large cargo and sailed in ballast on the 24th for China.

Geo. Endicott, formerly of Salem, Mass, and recently county treasurer, died at San Francisco, Oct. 23.

The steamer Columbia from Oregon, Sept. 23, arrived at San Francisco, Oct. 20, with $25,000 in gold. The emigrants, overland, had nearly all arrived in excellent order.

Washington, Nov. 30.

The democratic attendance last night indicates a stormy commencement of the session to-morrow, and a protracted struggle for the officers of the House. There was little harmony, and a large number of members left the caucus before the nominations were made, declining to take a part in them. The difficulty commenced in the early part of the meeting, on account of a portion of the members desiring to make the compromise a basis of final settlement of the slavery question, and the platform of a party. To this a majority refused to accede.

The nominations were strongly opposed by many of those present.

Proceedings of the Democratic Caucus.

Washington, Nov. 29.

The caucus of democratic members to nominate candidates for the officers of the House of Representatives of the 32d Congress, which assembles on Monday next, met this evening at 7½ o'clock. The attendance was very full.

Hon. Wm. A. Richardson, of Illinois, was chosen chairman and Hon. Richard H. Stanton of Kentucky, and Willard T. Hall of Missouri, secretaries.

The caucus proceeded to ballot for candidates to fill the various offices, when the following gentlemen were nominated: For Speaker L. Boyd, Kentucky; Clerk, Col. John W. Forney, of Pennsylvania; Sergeant at Arms, Adam I. Glossbrenner, of Pennsylvania; for Post Master, Mr. Johnston, of Va.; for Door Keeper, Mr. C. Keene, of Delaware.

Messrs. Glossbrener & Johnston are the present officers of the House.

It is impossible to get the details of balloting for several officers, but the nominations were all made on the first ballot. The vote for Mr. Boyd, Speaker, was two thirds of the whole caucus, and that of Col. Forney nearly three fourths. Subsequently all the nominations were ratified unanimously.

Boyd's Landing.—We are informed by a gentleman who resides near Boyd's Ferry, in Crawford county, that quite a settlement has just commenced at that place. The country is heavily timbered, with some prairie, and the land is represented as equal to any in the State for agricultural purposes. Any quantity of lumber and shingles can be had for building; saw-mills are numerous, and a grist-mill will be near Boyd's Ferry next season. The settlers are principally from Ohio, and have already organized schools; such being the reading character of the people of that State, that wherever located, their children must be educated. Village lots have been laid off near the ferry—and the place will be named *Boydstown*, so soon as they get up a smith's shop—there being already tavern and store. A settlement will follow on the opposite side of the river, in Grant county, the country being equally as well adapted to the wants of population. Boyd's Ferry is situated on the Wisconsin river, about ten miles below Muscoda.—*Grant Co. Herald.*

Married—A Female under 14 years of age.—Wilber Heaton of Bethany, age about 21 years was arrested on the 30th inst, and brought before M. Wells Hewitt, Esq., on a complaint made by Parker Eldred, charged with a felony, in clandestinely marrying said Eldred's daughter, aged 13 years! The young man was committed to jail, to stand trial for the offence.

It is not generally known that the above offence is a felony. We therefore publish it, that persons may be on their guard against such an act in future.

The magistrate who performed the marriage ceremony was also arrested for a misdemeanor and gave bail.—*Batavia Advocate, Nov. 25.*

Terrible Death.—On Saturday evening last, a building in the rear of the Lunatic Asylum some three miles north-west of this city, was destroyed by fire, and one of the hapless inmates, by the name of Finly, was not taken out until just as he was breathing his last.

The building was used for the purpose of securing those patients whose condition requires close confinement; and it is supposed that the one who met so terrible a death, escaped from his quarters, and carried fire to his room, with which he ignited his bedding. The other patients were rescued without injury.

Dr. Mead, the Superintendent, is at present absent from the city.—*Chicago Journal.*

Baltimore, Nov. 27.

The train of cars from the west, on the Baltimore and Ohio Railroad ran off the track this afternoon, 20 miles from the city. Several cars and the locomotive much damaged. No one hurt.

In the eastern part of the city, this afternoon, a man was killed in an affray, by being stabbed.—The murderer has been arrested.

☞ An old offender was lately brought before a learned justice of the peace. The constable, as a preliminary, informed his worship, that he had in custody John Simmons, *alias* Jones, *alias* Smith "Very well," said the magistrate, "I will *try the two women* first; bring in *Alice Jones*."

Erie Canal Contracts.—We understand that the opening of the tenders for canal contracts was completed on Monday, and that they are all in the hands of the Engineers. The whole number was 2781, and it is thought that it will be 10 days or a fortnight before the Board will be ready to declare off the contracts.—*Albany Reg.*

☞ Winter has finally set in, with a cold norther and a couple of inches of snow to cover up defects in the surface. The Lakes are unfrozen, and skaters are waiting their time. If the season passes without sleighing set us down as no prophet.—*Madison Argus.*

Door County.—The Green Bay *Spectator* says; No election was held in Door County, as near as we can learn. The reason assigned is that the people are opposed to being separated from Brown county.

JOHN DWIGHT & CO'S
SODA SALÆRATUS

MAY be found at the Sugar Warehouse of Goodrich & Hunter, No. 42 East water-st.
The attention of the public is called to this article as being superior to Pearlash Saleratus in its effect—giving cookery a more delicate appearance and flavor; and also as more wholesome—Soda being more congenial to the human system than Potash. It is more economical than Pearlash Saleratus—a less quantity being required to produce the same effect. The article is put up in pound papers with full directions for use.
Also may be found, John Dwight & Co's

Washing & Cleansing Powders,

which will be found, on trial, a very superior article, saving much labor of washing Clothes, &c. It will soften hard water. To Engineers and Machinists it is invaluable for removing grease from Machinery and other iron works leaving the iron perfectly dry, and not liable to rust.
Directions for use are printed on each package.

THE TAIL OF THE COMET

IS forty degrees in length, but so thin in substance that stars are visible through it. The marvellous tales of some nostrum-mongers are nearly as long, and quite as easily seen through.
The proprietor of *Dr. Guysott's Extract of Yellow Dock and Sarsaparilla*, however, has no occasion to resort to *such tales* in order to attract public attention.
The actual cures performed by the article, wherever it is introduced, is the basis upon which the reputation of this remedy is founded, as the hundreds of certificates of renewed hopes, health, and life, that are continually flowing in upon him, will prove.
☞ *Humbugs may flourish* for a time, but a remedy must possess rare medicinal virtues, to establish the reputation that *Dr. Guysott's Yellow Dock and Sarsaparilla* has established wherever it has been used.

GYMNASIUM
BOWLING SALOON.

Don't stop that Ball,
Then you will see the Ten-pins fall.
A welcome and general call
I wish to give you all,
Who wish to come and see good fun,
And enjoy yourselves at the Gymnasium.
A noted wag of fame did say,
That exercise is good with play;
So this the very notion fits,
And gives good action to the wits.
This exercise is best of all,
To come and roll the largest ball,
It will make you feel very tall—
The physicians say it is good for all.
T. R. says his groceries are pure and fine,
And try to make quite a shine;
Another turns shaving into rhymes,
The object supposed is making dimes.
I for one won't be stupid, like some ass,
And say any saloon all others surpass.
It won't then be out of rhyme
In saying the Gymnasium takes the shine.

This well known and most fashionable Bowling Saloon has been fitted up in the best manner, and it shall be kept in a manner that the most fastidious circle cannot fail to be pleased. [dec5 3t*] TOM BURNS.

Milwaukee, Nov. 26th, 1851. dec5d10d

AT A MEETING of the Common Council of the city of Milwaukee, held Thursday, November 20th, 1851, the following resolution was adopted:

Resolved, That the alley through block one, in the first ward, be, and the same is hereby declared a public nuisance. The owners agents, or occupants of lots bordering on said alley, are hereby required to abate said nuisance by constructing a good and efficient sewer through said alley, and filling said alley with good coarse gravel, to a sufficient height to prevent the accumulation of stagnant water thereon, according to the grade and specifications for said improvement given by Mr. J. B. Vliet, Surveyor of the first ward, as follows:—

SPECIFICATIONS

For Sewer in Alley in Block One in First Ward.

The sewer is to be 16 inches in the clear, on the inside, and is to be constructed in the following manner:

A ditch is to be excavated to the proper depth and grade hereinafter described, 3 feet wide at the bottom.

A floor of 3 inch oak planks is to be laid transversely across the bottom of this ditch—the planks to be at least 2 feet 8 inches long.

Two continuous cleats or braces of oak scantling, 2 by 4 inches, one on each side, and then to be spiked with 5 inch spikes to this floor, with at least one spike in each cleat to every two floor planks, to prevent the sides from crushing in at the bottom.

The sides are to be of oak timber 8 inches square, the upper course to be furnished with a rabbit or cleat 2 by 4 inches, spiked at least once in every foot with 5 inch spikes.

The planks for covering are to be of 4 inch planks of oak and 2 feet long, so as to fit tightly within the cleats or rabbits on the top course of side timbers and form a brace, said planks to have openings 12 inches square, covered with wrought iron grates, one for each lot opposite the same.

The culvert is to be in the middle of the alley, and the bottom opposite the line between lots 4 and 5 of block 1, is to be 6 inches above high water in the Milwaukee River, and is thence to descend 6 inches to the south gutter on Oneida street, and thence along the gutter on the same pitch to the river, and also descend 8 inches to the north gutter on Mason street, and thence along the gutter on the same pitch to the river.

The alley is then to be graded in such a manner that the top of the sewer shall be the grade of the middle of the alley, and the sides of the alley 9 inches higher, with slopes of not more than 5 in 100 ascending to Mason and Oneida streets.

If the said work is not completed within ten days from the adoption hereof, then the local committee of the first ward are hereby authorized to cause the same to be done at the expense of said lots respectively as provided by law.
ALFRED JOHNSON, City Clerk.

GREAT DISCOVERY.

JOHNSON'S CHEMICAL
HAIR INVIGORATOR,

To Prevent Baldness, and to Restore the Hair that has fallen off or become thin, and to cure effectually
SCURF OR DANDRUFF.

Prepared only by S. JOHNSON, 151 E. Water-st.
FOR THE TOILET,

THE INVIGORATOR is considered infinitely better than oil or grease for the hair, and is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture for the hair, never before attained, yet free from animal grease or essential oils. It clears the pores of the skin, causes a healthy action of the blood vessels, nerves, &c. which free the hair thereby preventing baldness and gray hair, entirely frees the skin from scurf, dandruff and other cutaneous diseases, disposes the hair to curl, and keeps it so; will positively change the harshest hair into the most soft, healthy, glossy state, also imparts to it a darker color, and the free use of it will keep both the skin and hair in a healthy and luxuriant state until the latest period of life.

Ladies will find the Invigorator a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation for a good head of hair. Nov 24 2m

STOVES, (BOTH WOOD AND COAL,)

GRIST MILLS.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the FOUNDRY business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST
Double Oven Cooking Stove,
(Which received the First Premium at the State Fair, lately held at Janesville,)

Possesses great advantages over every other stove, for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and gives general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire backs acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superseding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an article in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

TAPSCOTT & CO'S
General Emigration and Foreign Exchange AGENCY.

NEW-YORK: W. & J. T. Tapscott & Co., 86 South Street.
LIVERPOOL: W. Tapscott & Co., St. George's Buildings.

ARRANGEMENTS FOR 1851.

As the season for emigration approaches, we beg to acquaint our friends and the public with our Arrangements for the year 1851, and would inform them, that with an increase of business—for which we are grateful—we are placed in possession of greater facilities for conducting the Emigration and Foreign Exchange Business than any other House in the World, and for which—in a great measure—we have to thank a discerning public for their continued patronage.

Since the commencement of last year a large number of magnificent ships have been added to the various popular lines for which we are the Agents, and several others are now in course of construction, all of which will be fitted up for passengers in the most superior manner, and commanded by men of long experience.

By the following List of Packets, and their dates of sailing—being six regular packets a month to and from Liverpool—four, to and from London—and two, to and from Glasgow—persons sending for their friends, or those proceeding to the "OLD COUNTRY," will perceive it much to their advantage to make arrangements at our office; and as heretofore, our business in *Liverpool* will be under the personal superintendence of our Mr. W. TAPSCOTT—whose well known care and attention to passengers embarking by our line has won for him his present high reputation among the emigrating public.

TAKE NOTICE!
PATENT BEDSTEAD.

THE undersigned now offer to the public a new article of Bedsteads, entitled "HINKLEY'S PATENT SUSPENSION BED BOTTOM AND FASTENING," which possesses, as they believe, a decided superiority over every other kind now in use.

The advantages of this Patent are, first, the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "BUG PROOF." For these reasons, it is believed to be not only the best, but the cheapest Bedstead that can be used!

In enumerating its advantages, the proprietors only repeat the statement of competent persons in this city, and elsewhere, who have had the best opportunity of judging of its merits.

FACTS WILL ALWAYS SHOW!

and when we say that one firm in New York (Troy) manufactured and altered over [under this Patent] TWELVE THOUSAND Bedsteads within two years, and that in the eastern cities,

ONE HUNDRED THOUSAND

Have been made and altered, we tell nothing but the truth, and exemplify the advantage, luxury and economy of this Patent over all others now or heretofore in use. These Bedsteads have been adopted at the Astor House, N. York; Troy House, Troy; Mansion House, Troy; Irving House, Troy; Marvin's U. S. Hotel, Saratoga; Globe Hotel, Syracuse; Blossom's Hotel, Rochester; U. S. Hotel, Buffalo; Burnet House, Cincinnati; American House, Massillon, O; Neil House, American House, Capital House, U. S. Hotel, Buckeye Hotel, Columbus, O.

This patent received the

HIGHEST PREMIUM,

at the late Fair of Rensselaer count, N. Y., New York, Albany; State Fair, Erie county, Buffalo; Boston, Mass. State Fair; Wayne county, O., Stark county, O., and numerous others.

MILLARD, HOLTON & CO., Proprietors of the above Patent, may be found at the Furniture Warehouse of J. F. Birchard, No. 21 Spring-st., 3 doors east of the American House, Milwaukee, where applications for Rights or Towns or Counties will be promptly attended to.

Persons wishing to have their bedsteads remodled on the above plan, will please leave their names with Mr. Birchard, at the above named place, where they will meet with prompt attention. These Bottoms are considered preferable for Lounges or Trundle Beds, and will be inserted for the sum of $1,25.

In conclusion, we are free to state to a discerning public that after giving the above Bed Bottom a fair trial, they will award to us the merit of not overrating the good qualities of the "Patent Suspension Bed Bottom," and we confidently look for a liberal encouragement from a common sense public.

MILLARD, HOLTON & CO.

P. S. Any person infringing on the above Patent, will be prosecuted according to law.

A New and Valuable Improvement in Bedsteads.

We, the undersigned, citizens of Milwaukee, having examined "Hinkley's Patent Suspension Bed Bottom," now being introduced into this city by Millard & Co., pronounce it far superior in all respects to any thing of the kind that we have heretofore known either in this or any other State. Its superiority over all others, consists in the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "Bug proof."

We feel, too, that for cheapness, it does not cost any more than the common wood screw, (the expense of the cord and sacking bottom being saved) and for practical utility it must in fact supersede all kinds heretofore used. We would therefore cheerfully recommend it to the citizens of Milwaukee, and the public generally.

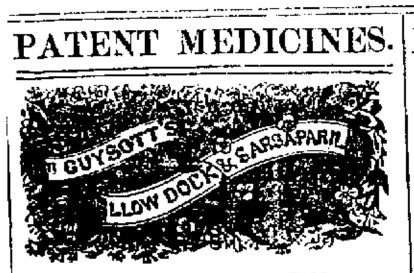
PATENT MEDICINES.



Dr. Guysott's Improved Extract OF Yellow Dock and Sarsaparilla.

IS NOW PUT UP in the largest sized Bottles, and is acknowledged to be the BEST SARSAPARILLA made, as is certified by the WONDERFUL CURES it has performed, the original copies of which are in the possession of the proprietor. Remember, this is the only TRUE and ORIGINAL article.

This Medicine, when used according to directions,

Will Cure Without Fail,

Scrofula, or King's Evil, Cancers, Tumors, Eruptions of the Skin, Erysipelas, Chronic Sore Eyes, Ringworm, or Tetters, Scald Head, Rheumatism, Pains in the Bones or Joints, old Sores and Ulcers, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Disease of the Kidneys, Loss of Appetite, Diseases arising from the use of Mercury, Pains in the Sides and Shoulders, General Debility, Dropsy, Lumbago, Jaundice, and Costiveness.

THE BEST FEMALE MEDICINE KNOWN!

The peculiar maladies to which females are subject commonly produce great bodily exhaustion, accompanied by a depressed and often gloomy state of mind. As the system declines in strength there is a loss of nervous power, and this very naturally impairs the energy of the mind and disturbs the equanimity of the temper. Every candid woman who has suffered from female complaints will admit this to be the mournful truth. Now, to obtain relief, it is only necessary to stop the tendency to depletion and debility. This is done by renewing that fountain of health and strength, the BLOOD, and no medicine accomplishes this desirable result so speedily and complete as "Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla."

Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored, by the use of a bottle or two, to bloom and to vigor.

☞ Dr. Guysott's Improved Extract of Yellow dock and Sarsaparilla is a sure remedy for Hereditary taint.

Females, Read the Following.

NEWARK, N. J., Jan. 25.

Mr. Bennett—We take pleasure in stating that your Yellow Dock Sarsaparilla gives great satisfaction in every case.

A very respectable gentleman informed me that his daughter was troubled with difficult menstruation and other diseases peculiar to her sex. She had not had her regular menstrual discharge for a long time; but by the use of Dr. Guysott's Yellow Dock and Sarsaparilla was radically cured. She used Townsend's and others without receiving the slightest benefit. He had one daughter die from the same cause. J. B. TAYLOR & Co.

HINMANSVILLE, Oswego Co., May, 1848.

S. F. Bennett—Dear Sir: I purchased, a short time ago, a bottle of your Yellow Dock and Sarsaparilla for my wife, which she has used for her complaint, Erysipelas and weakness, Falling of the Womb, etc., and it has already helped her very much. Of the Erysipelas it has effected nearly a cure. I have just purchased a second bottle, and judging from the effect of the former feel confident that it will effect a perfect cure.

Yours, very respectfully, N. COBURN.

Cure of an aggravated case of Erysipelas.

The cures performed by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla are lasting. The patient's general health continues to improve after disease is removed. Cures are not chronicled until time has fully tested that there can be no relapse or return of the disease.

NORWAY, Herkimer Co., Feb. 1850.

S F Bennett & Co.—Gents: It is with great pleasure that I write you about the very happy effect of your Yellow Dock and Sarsaparilla upon my son, who has long been suffering under that dreadful, loathsome disease, Erysipelas, with which he was attacked in 1848, and was for several months attended by some of our best physicians, who tried their skill perseveringly for five months without any beneficial effects whatever. He became reduced to a perfect skeleton. He had ulcers from his hip down to his knee, which were continually discharging offensive matter. Medical and surgical skill was baffled. Physicians said that his case was hopeless—there could be nothing done to arrest those terrible gangrening ulcers. My neighbors and myself thought his dissolution near at hand. One of my neighbors, who had cured a child of scrofula with your invaluable medicine, wished me to make a trial of it, and more from the restless desire to do something while life lasted, than from any hope of getting relief, I procured three bottles of your "Yellow Dock and Sarsaparilla," and commenced using it, and to my astonishment, he commenced to improve before he had used the third bottle, and before he had used half a dozen bottles, he could walk out. He used in all twelve bottles during the year '49, and by October last he was perfectly restored; every vestige of the disease except the scars was removed, and he remains in perfect health up to the present time. His recovery, under the blessings of God, is entirely owing to the use of your Yellow Dock and Sarsaparilla, and I assure you that I feel myself under great obligations to you, and it is with great joy that I inform you of what your Sarsaparilla has done for my son.

Respectfully, JAMES RUSSELL.

TO THE PUBLIC.

THE introduction of Dr. John Bull's unequaled Sarsaparilla, has formed an era in the medical world. Its rise, progress, and the many wonderful cures it has effected, since it was introduced to the public, have been a subject of great astonishment, and even commanded the admiration of the American people. When the history of this truly wonderful medicine is known, together with the extraordinary exertions made by Dr. Bull, to make it the most valuable compound of Sarsaparilla known to the world, its rapid and unprecedented rise and progress will no longer be a theme of astonishment.

Twenty-six years since, Dr. Bull, then a boy, came to Louisville, and was employed for a number of years in studying the business of an Apothecary, with Messrs. Byers & Butler, Dr. T. E. Wilson, and the lamented L. George, Jr. After leaving the service of Dr. Wilson, Dr. Bull was employed by Dr. F. Scorch, an old and celebrated German physician of this city, and who was for many years Surgeon in the Grand Army of Napoleon. Dr. Scorch, during his life, made a fluid Extract of Sarsaparilla for the especial use of the physicians of this city, and which was considered at that time by far the most superior article made. Dr. Bull was employed by Dr. Scorch, in compounding this celebrated Sarsaparilla, and he then conceived the idea, and finally fully determined (seventeen years since) to introduce at some future period, for the consideration of the afflicted, a preparation of Sarsaparilla.

Since that time, his mind has been constantly employed in studying the ingredients, and experimenting to find a complete, safe, and valuable compound of Sarsaparilla, such a one as would be acknowledged by physicians as undoubted in its efficacy, and hailed by the afflicted with demonstrations of joy. By close and unremitting study, he at last succeeded in gaining the desired end. His Extract having been several years before the public, and its merits completely tested, he confidently appeals to the thousand certificates of its wonderful cures, and hence for its great superiority over all other similar compounds. It is therefore a matter of no surprise, that the question is frequently asked.—"Why don't Dr. Bull's Sarsaparilla continue to advance in the favor and confidence of the public, when all other similar preparations, which have preceded his, have been cast aside as unworthy of the slightest notice?" Tho' it is not required, yet this question is easily answered. Dr. Bull has not worked alone for pecuniary preferment; gain has not been his sole object; he has had a higher and a nobler aim constantly in view—that of relieving the sufferings of his fellow-creatures. Unlike those who compound a good article for a short time, that they may gain a reputation, and having attained the object of their wish, reduce their article, by leaving out its most valuable ingredients, to a worthless, mixture, in order to accumulate wealth. Dr. Bull has continued to use the costly ingredients, which his long study and experience enabled him to discover, and which have been of such invaluable service to suffering humanity. He seeks to gain an unspotted reputation not only for himself, but also for his renowned Sarsaparilla; and it is a fact worthy to be recorded, that every gallon of the Sarsaparilla sold by Dr. Bull is made with his own hands, and under his immediate Superintendence. For several years past, he has been daily experimenting in administering his mixtures without charge, to patients pronounced incurable: and to his eternal fame be it recorded, his efforts have been crowned with the most wonderful success. His Sarsaparilla has now gained such a wide spread reputation, and been established upon such a solid basis, that he is firmly satisfied of its undoubted merits, and confidently challenges the combined Medical skill of Europe and America to produce out of Sarsaparilla, a superior preparation to his Fluid Extract.

Dr. Bull would here like to introduce a few of the many testimonials of the wonderful effects of his Sarsaparilla; but to publish the one quarter of the astonishing cures effected by the use of this truly great Medicine, would require a volume of five hundred pages, and the Doctor has to be satisfied by offering the opinions of a few distinguished men, believing that these opinions will be sufficient to induce all who are afflicted to give Bull's Sarsaparilla a trial.

TESTIMONIALS.

Rev. E. W. Sehon—Rev. E. Stevenson.

The following is a verbatim copy of a certificate now in the possession of the proprietor of Bull's Sarsaparilla, Rev. E. W. Sehon is widely, and generally known as an eloquent and accomplished Pastor of the M. E. Church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years, and at this time is filling the high and responsible station of agent for the M. E. Book Concern.—Can the world produce better, or more satisfactory testimony in favor of my medicine?

Louisville, May 29, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used with entire satisfaction; and we have no hesitation in stating that we believe it to be a safe and valuable medical compound, and calculated to produce much good, and relieve much suffering: and therefore would cheerfully and most earnestly recommend it to the afflicted.

From Doctor L. P. Yandell, Professor of Chemistry in the Louisville, Medical College.

I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable. L. P. YANDALL, M. D.

Better Testimony than was ever offered in favor of any Medicine.

From Dr. James M. Moore.

Dr. John Bull—I have no hesitation in saying, that I believe your Sarsaparilla to be the best article ever manufactured for the cure of scrofula, syphilis, and many other cutaneous and glandular affections, having used it with entire success in a number of the above cases.
Louisville, Dec. 26, 1847. J. M. MOORE, M. D.

More Testimony from Dr. Moore.

Mr. John Bull—I am using your Sarsaparilla in several new cases of scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease.

What Dr. Pyles, Physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla.

Louisville, March 20, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use.

PATENT MEDICINES.

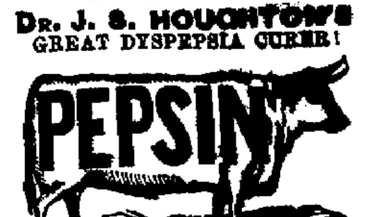
Another Scientific Wonder!

DR. J. S. HOUGHTON'S GREAT DYSPEPSIA CURER!



THE TRUE DIGESTIVE FLUID, OR GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of PEPSIN, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York; page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had resource to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. 'In all cases,' he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of PEPSIN, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER.

Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ **Observe this.**—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicines.

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

from which the above cut was taken. By it we can take the exact shape, and unerringly fit the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance they are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.
